Jerusalem, sung by all

The National Anthem [1953]

- Sunday evening organ concerts in August date from the major restoration of the instrument twenty years ago this year, in 1997. The great majority of the recitals have been given by Dr Simon Lindley, Organist and Master of the Music from 1975 until 2016 and now Minster Organist Emeritus. Admission to each concert is free of charge and retiring collections are taken in support of the Friends of the Music of Leeds Minster - the Friends make the Minster a major grant each year for the maintenance and tuning of this fine instrument.
